Police Continue Investigations

Thank you to community of Blue Haven for the amount of information reported to the school and to police following the school break-in and vandalism a week ago.

The damage to school property was in excess of $10,000. It would have been so much more appreciated if this money was available to upgrade the school facilities rather than being required to be used to repair and replace what we already have.

The investigation is continuing and a number of ‘good leads’ are being followed up.

Your support for the school is greatly appreciated.
